Smooth

Rough Sawn

Hand Hewn

Mesa

Tahoe

## Wide Variety of Beautiful, Durable Polyurethane Beams

Wood-grained beams are available in four styles – Rough Sawn, Hand Hewn, Mesa, and Tahoe – offering a realistic wood look without the hassle.

Smooth beams can be used to add architectural charm and a clean, classic aesthetic to any project.

## Less Labor, Easier Installation

Fypon beams are lightweight, 7x lighter than wood. U-shaped and hollow on the interior, makes it easy to add lighting for added decorative appeal.

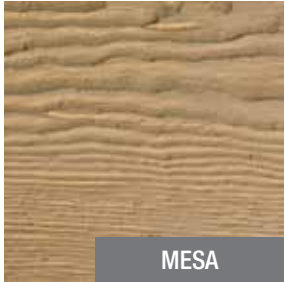

- Wood-grained beams come primed and are ready to be stained or painted
- Smooth beams come primed and are ready to be painted
