

SIDING and Trim

TruExterior® Siding & Trim® offers the perfect balance between performance and aesthetics, without compromises. Get the authentic look of wood with very little maintenance and without difficult installation techniques.

APPLICATION

- Designed for use in non-structural applications
- Suitable for ground and masonry contact
- No excessive swelling*
- Resists damage from rot and termites*

TOOLS

- Installed using proven woodworking tools and methods
- Carbide-tipped blades and bits are recommended for a longer life tool
- Traditional exterior-grade caulks or exterior-grade wood fillers are all acceptable for filling nail holes

FASTENING

- Accepts common high-quality, exterior-grade fasteners
- Can be fastened close to the edge
- No need for pre-drilling
- No mushrooming

PAINTING

- TruExterior products come pre-primed and require paint
- No need to prime end cuts
- Can be painted with any high-grade exterior paint when following the paint manufacturer's instructions
- Dimensionally stable, promoting long-lasting paint adhesions, even with dark colors*

* Please see TruExterior® Siding & Trim Limited Warranties and Product Data Sheets for proprietary test results, located at TruExterior.com. Always follow local building codes and construction best practices. See the complete Installation Guidelines for TruExterior® Siding & Trim at TruExterior.com.
