

PANOLOCK™

THE NEW GENERATION OF
MULTI-POINT LOCKS

Multi-Point Lock

Performance Meets Style

No Hardware Constraints

Use your choice of most off-the-shelf hardware.

Three Times Stronger

All the strength and security of a traditional multi-point locking system.

Enhanced Performance

Two tapered locks enhance performance while reducing operation force.

Single Operation System

Most multi-point locks require extra steps to lock the door. With PanoLock's innovative latch and deadbolt adapters, simply turn the thumbturn to lock.

Flexibility

PanoLock can be used for both inswing and outswing.
