

Cobra[®] SNOWCOUNTRY[™]

Exhaust Vent For Roof Ridge

Effective attic ventilation is critical for a long-lasting roof!

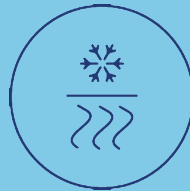

A properly balanced ventilation system will help to:

- » Reduce damaging heat and moisture
- » Minimize peeling and extend the life of exterior and interior paint
- » Reduce the risk of mold growth
- » Safeguard your attic possessions against mildew
- » Guard against ice damming
- » Promote energy efficiency by reducing excessive heat and reduce your summer air-conditioning load

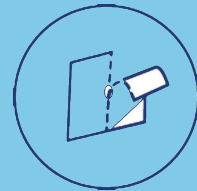

VENTS THE ATTIC

Allows heat and moisture to escape at the most effective location – the ridge

SNOW GUARD[™] FILTER

Helps resist snow infiltration in harsh winter weather

EASYTEAR[™] SIZING

Hand-tear product in 3" (76mm) increments – no knives and less waste
