DURTDGSG	OC Laminate Sierra Grey
DURTDGSH	OC Laminate Summer Harvest
DURTDGTC	OC Laminate Terra Cotta
DURTDGTK	OC Laminate Teak

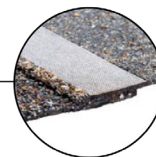

**Excellent Adhesive Power**  
Helps keep the shingle layers laminated.

**Outstanding Grip**  
The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond® sealant for exceptional wind resistance of a 130-MPH wind warranty.\*

**Breakthrough Design**  
Patented SureNail® Technology\*\* is the first and only reinforced nailing zone on the face of the shingle.

**"No Guess" Wide Nailing Zone**  
This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see strong, durable fastener zone.

**Triple Layer Protection\*\***  
A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, called the common bond area.

**Double the Common Bond**  
SureNail® Technology features up to a 200% wider common bond area in the nailing zone over standard shingles.

\* See actual warranty for complete details, limitations and requirements.

\*\* SureNail® Technology is proprietary with U.S. and foreign protection including U.S. Patent Nos. 6,471,812; 7,836,654; 8,156,704; 8,181,413; 8,240,102; 8,430,983; 8,607,521; 8,623,164; 8,752,351; 8,991,130; 9,121,178; and other patents pending.

+ The amount of Triple Layer Protection\*\* may vary on a shingle-to-shingle basis.

SureNail® Technology is not a guarantee of performance in all weather conditions.

SureNail® Technology is available only on Owens Corning® Duration® Series Shingles.

† Tru-Bond® is a proprietary premium weathering-grade asphalt sealant that is blended by Owens Corning.
