

**WORLDWIDE**  
Door Components, Inc.

The 4Ever Frame is an innovative, new alternative to traditional wood door jambs. After extensive research and development, Worldwide Door Components has formulated a poly-fiber Door Frame System that combines all the strength and stability of wood without the rotting, warping and splitting. The 4Ever Frame is resistant to mold, mildew, fungus, salt, chemicals, insects and pollutants. The 4Ever Frame System is the long-lasting alternative to a maintenance free entryway. This unique formulation means that the 4Ever Frame can be machined the same way traditional wood jambs are but with no added hassles!

The 4Ever Frame will maintain its integrity for years to come.

When compared to wood frames, the 4Ever Frame can be painted and nailed, easily machined, provide the same use and functionality and has the same shape and design as a wood moulding products solid material.

## FEATURES

- ▶ Closed cellular structure
- ▶ Rigid Poly-Fiber Formulation
- ▶ 2X Screw Holding Power
- ▶ Top-notch Impact & Skin
- ▶ Can be cut to size

## BENEFITS

- ▶ Will not absorb moisture
- ▶ No aluminum support channel needed
- ▶ Stronger than wood door frames
- ▶ More durable
- ▶ Florida Building Code Approved

## THE 4EVER FRAME

4Ever Frame is the best high-performance trim product on the market. Available in raw/primed/woodgrain oak/woodgrain/mahogany woodgrain/white cap, to add elegant details in a variety of applications.

### 4Ever Frame is BEAUTIFUL

While 4Ever Frame readily accepts paints and stains, it comes in a crisp semi-matte white finish, its profile is white throughout, and it's protected with UV inhibitors, making it resistant to fading or yellowing over time. With sealed edges on all four sides, 4Ever Frame is easier to clean.

### 4Ever Frame is WORKABLE

With materials that are easily milled, shaped, and moulded using only standard woodworking tools, 4Ever Frame can be routed and cut without chip outs. Our fastened closed edges have no splits, and can be heat formed for curved applications. They're also easy to install saving time and labor costs!

### 4Ever Frame is DURABLE

With 4Ever Frame, you can feel confident your frame will not rot, cup, split, twist or warp. It's moisture and insect resistant, doesn't require paint for protection, and suitable for ground and masonry contact. That promise is backed by a life time limited warranty. For more information, visit [www.4everframe.com](http://www.4everframe.com)

### 4Ever Frame is UNIFORM

With consistent density, color, and square edges, all 4Ever Frame products provide a uniform aesthetic. Boards offer tight board tolerances and precise sealed edges on all four sides (S4S). And, since every inch of the product is usable, there's no waste.
