STONE SIDING

Exterior + Interior Use

THE BEAUTY OF STONE. THE SIMPLICITY OF SIDING.

Versetta Stone Siding offers true authenticity with its natural shapes and hand-crafted details. Backed with decades of experience in the manufactured stone industry, Versetta Stone is the only siding to master the true look of hand-laid stone walls with panels that offer virtually undetectable joints. It's an advantage that gives siding pros and DIYers an edge in achieving world-class curb appeal.

- » Mortarless, cement-based manufactured stone siding with a unique, panelized design
- » Installs with mechanical fasteners
- » Complete system with adhesives, fasteners, and caulk
- » Exterior and interior applications

DW
an **SBP** brand

VERSETTA STONE®

DW stocks two styles of Versetta Stone siding:

Ledgestone: Similar to dry stack or sandstone, the rugged texture and purposeful irregularity offers a well-worn look.

Tight-Cut: This profile fits tightly together to emulate rural 19th century American architecture.

Versetta Stone accessories make it simple to create a fully finished look. Light boxes and receptacle boxes work as a system with stone siding panels.

Ledgestone

Tight-Cut
